THE MARCH 28 TOWN ELECTION IS CRUCIAL TO KEEP THE NOTTINGHAM COMMUNITY WE KNOW AND VALUE OUT OF THE HANDS OF RADICALS

Free State Project affiliated candidates - like Alan Bershtein and Brent Tweed - are running along with Tom Butkiewicz and others already in office whose main focus is cutting town and school budgets.

- Bershtein was our state rep and voted for NH to secede from the United States.
- Tweed cost the town ~\$100k through a lawsuit against a town anti-pollution ordinance.

Free Staters are anti-government libertarians who have moved to NH to win elections to local and state offices. Their anti-tax agenda would cut government services and weaken public education. They have proposed things like funding the library through "donations". Our Budget Committee is a prime focus, with many confrontations, including attacks on the school board. **Our elected officials should focus on the town's duties to serve and educate our citizens, and most do.**

A recent GOP mailing supporting these candidates was marked by much false information such as:

- The town tax cap saved us from a "12% tax increase" - no evidence provided.
- Poverty has "more than doubled" in town - it only increased by 0.3% from 2010-2020.
- Naming people as voting for the 10% school tax cap amendment who did not vote on it.

**Please vote for candidates who are fiscally responsible AND reasonable
DON'T LET US BECOME ANOTHER CROYDON!**
